

The Naval Acquisition Career Center would like to announce the availability of seats in the Acquisition Journeyman Leadership Development (AJLD) classes. AJLD is a premier leadership course that will help strengthen professional development for the students. There are some pre-course assignments that must be completed prior to the class start date that take approximately 3 hours. The class lasts for 3 days and there are plenty of seats available. Supervisors are encouraged to approve their employees to attend and should do so as soon as possible.

Provided below are several AJLD classes coming up in the next few months that are still a little slow to fill. As always your assistance in "aggressively marketing" these classes to your workforce is appreciated.

1. San Diego, CA - November 15, 2011
2. Pearl Harbor, HI - December 06, 2011
3. Washington, DC - December 13, 2011
4. Philadelphia, PA - January 24, 2012
5. Patuxent River, MD - January 24, 2012

Interested acquisition workforce members are encouraged to sign up as soon as possible via eDACM. To apply for the classes students should go to eDACM/Manage Career/DON Continuous Learning/LOG ON and choose "Class Schedule - View/Apply". Under "Event" choose AJLD, go to the bottom of the screen and click on Search Catalog. Once students have applied for the class, their supervisor will receive an email to approve their attendance. Once the supervisor approves, we will be able to process the application.
